STATEMENT OF FACT AND POLICY

The Commissioner of the Maine Department of Marine Resources enacts emergency DMR Regulation 95.04 Q3, Closed Area No. 37-F, Little Deer Isle to Stave Island, Deer Isle, which closes the shores, flats, and waters between Little Deer Isle and Stave Island.

Department personnel have determined that the above-described area is subject to intermittent microbiological pollution and that the harvesting of clams, quahogs, oysters, and mussels, in these waters poses a threat to public health.
